*Program Specializations:* African American studies, women's studies, Native American studies

American Studies at Colby represents a commitment to a holistic academic experience, one that emphasizes the organic and functional relationships between parts and wholes in American thought and culture. American Studies majors are taught the subject matter of America's past and present, with special effort devoted to the integration of the methods of more than one "traditional" academic discipline. A minimum of 14 courses is required for the major.
